Experience

COMMUNICATIONS INTERN, DELL MEDICAL SCHOOL AT THE UNIVERSITY OF TEXAS AT AUSTIN (AUGUST 2016-)
Develops multimedia content, online infographics/data visualizations, promotional sites, and *Rethink*, the Dell Medical School's online magazine.

TECHNICAL OPERATIONS MANAGER, THE DAILY TEXAN (AUGUST 2016-)
Leads a team of seven staff developers, designers, UX researchers, and data visualization specialists in creating news features and data visualizations. Current projects include features on the UT-Austin housing system, Student Government at UT, and tuition apportioning.

STUDENT TECHNOLOGY ASSISTANT, THE UNIVERSITY OF TEXAS AT AUSTIN (AUGUST 2015-)
Designs logos, icons, graphics, and codes page mockups for UT Austin Liberal Arts faculty and staff. Worked on multiple projects for the UT History Department, School of Nursing, Department of Psychology, and Liberal Arts Instructional Technology Services. Lead front-end developer on an online U.S. history learning platform currently in production as a course at UT-Austin.

DIGITAL LEAD, TEXAS DEMOCRATIC PARTY (JANUARY-JUNE 2016)
Held wide range of responsibilities including time-critical web development, online fundraising, social media outreach, print and web graphics, event photography, promotional videography/editing, and event production. Developed TexasDemocraticConvention.com, MyTexasVotes.org, and LiftTexas.com for an 20,000+ audience. Managed event production + social media during the 2016 Texas Democratic Convention for over 12,000 attendees and 150,000 followers.

SENIOR TECH OPS STAFF, THE DAILY TEXAN (JANUARY-MAY 2016)
Created news interactive and digital journalistic content for the Daily Texan's website. Projects included election explorers for both Student Government and state-level elections, on-campus housing explorers, maps, and data visualizations delivered under tight deadlines to a wide, diverse readership.

STAFF PHOTOGRAPHER, THE DAILY TEXAN (SEPTEMBER-DECEMBER 2015)
Covered assignments around the Austin area, including multiple large parades, rallies and events as well as on-campus assignments at UT events and on-location portraits. Photos have been published on both the Daily Texan website and in print multiple times.

Skills

Experienced front-end designer/developer, fluent in Javascript (Angular), HTML/CSS, Python, and PHP (Laravel, WordPress), and expanding expertise to Node.JS, Django, and SQL. Experienced in Git/SVN, Agile, and server administration.

Highly proficient in UI/UX, visual design—Adobe Photoshop, Lightroom, Illustrator, InDesign, Sketch. Experienced in video editing/motion design, including Adobe Premiere & After Effects.

Engaging content producer, with Facebook/Twitter/Instagram/Snapchat management experience for the Texas Democratic Party's over 150,000 followers.
